

# Upgrade Your Podiatry Treatment & Experience a Therapeutic Warm Wax Therapy Treatment

Paraffin wax heat therapy increases blood flow, tolerance for pain, relaxes muscles & increases hydration in the skin. Intended to moisturise & soften the skin while providing a therapeutic & healing effect to sore and aching joints. Making it particularly beneficial for those suffering from arthritis & rheumatic pain.

## CONDITIONS THAT BENEFIT FROM THERAPEUTIC WAX BATHS:

- ✓ Chilblains
- ✓ Arthritis
- ✓ Bursitis
- ✓ Eczema and psoriasis
- ✓ Sore muscles
- ✓ Stiff joints
- ✓ Scar tissue
- ✓ Inflammation
- ✓ Muscle spasm
- ✓ Tendonitis
- ✓ Sports injury
- ✓ Scleroderma

## PARAFFIN WAX CONTAINS ESSENTIAL OILS:

Paraffin wax decreases calluses on the feet while deodorising and soothing the skin. The essential oils intensely moisturise and provide an antiseptic and anti-inflammatory action.

- ✓ Lavender
- ✓ Frankincense
- ✓ Myrrh
- ✓ Sunflower Oil
- ✓ Orange
- ✓ Bay Leaf Oil

## HOME TREATMENT ESSENTIALS

In addition to the retail products used by your **Prendē** footcare specialist, there are also the **Prendē** products for home use that follow on perfectly from the wax therapy treatment:

### INTENSE NOURISHING OIL FOR SKIN AND NAILS 30ml

This vitamin rich oil is rapidly absorbed and contains hand selected pure essential oils.

### INTENSE CLEANSING BALM 100ml

**Prendē** Cleansing Balm transforms skin by cleansing, nourishing and hydrating the skin.
